

Conference Goals

Upon completion of the forum, participants will be able to:

- Better understand what HIV/AIDS is; how it impacts the New Jersey population; and what strategies are being implemented to reduce transmission.
- Participate in community discussions about increasing the quality of and access to HIV prevention and care programs for all citizens at risk for HIV, particularly the underserved.
- Have a better understanding of those policy and legislative initiatives that are being discussed to address concerns regarding HIV/AIDS.
- Participate in the promotion of information about the existing network of services, and how best to access and utilize.
- Get involved in Project IMPACT (Intensive Mobilization to Promote AIDS Awareness through Community-based Technologies) activities in their local communities.

Who Should Attend

- Concerned Citizens
